

## Range of Interlinings for Apparel

## M12

Mediumweight, soft sew-in nonwoven interlining made from a blend of synthetic fibres.

For the fusing of small parts and front parts in dresses and jackets and for handicrafts. Suitable for light- to mediumweight fabrics such as crushed and pleated fabrics which are heat sensitive and unable to be ironed.

## CARE RECOMMENDATION | Solution | P |

We recommend testing the products before using them in your project.

Additional information on use and potential applications can be found in our brochure as well as on our website www.vlieseline.com.
